The earth He sits enthroned;
All things are open to His
Divine survey;
And from His great and calm eternity
He orders that which

Everything in nature, from the mote in the sunbeam to the worlds on high, is under law. And upon obedience to these laws the order and harmony of the natural world depend. So there are great principles of righteousness to control the life of all intelligent beings, and upon conformity to these principles the well-being of the universe depends. Before this earth was called into being, God's law existed. Angels are governed by its principles, and in order for earth to be in harmony with heaven, man also must obey the divine statutes. To man in Eden Christ made known the precepts of the law "when the morning stars sang together, and all the sons of God shouted for joy." Job 38:7. The mission of Christ on earth was not to destroy the law, but by His grace to bring man back to obedience to its precepts.

"Leaky Gut, Leaky Brain" Our first Health Seminar for the year will be held TOMORROW afternoon at 2:30 pm. It will focus on getting to the bottom of a variety of ailments currently plaguing society and what to do about it, with guest speaker and presenter Renee Livingstone (Naturopath)

Church Camp- March 8-10. Come join us at Camp Somerset for a weekend of fellowship and relaxation amid nature. If you need assistance in any way (eg. Camping equipment) to make this possible, or for more info call Ellen on 0421 067 679.

Fellowship Luncheon- Our first lunch for the year will be 23rd February. It will be a pot luck so please plan to come and take time to catch up with your church family.

Low Risk Activities Register- Permission to proceed has been voted for our church low risk activities. All Board members need to read the form, and sign to say they have read it. Jane Walker has the form to sign.

Teen Bible Study- Pr Neil will be starting Bible Studies with another one of our young people, beginning next Thursday at 4.00 pm at the Church. If there is anyone else would like to be a part of these studies, either as a student or a trainee teacher, please contact Julie Pokorny or Pr Neil before next Thursday. This will be an exciting time!

Teen Daniel Seminar- A Daniel Seminar is being held in May and June this year for our 10 to 15 year olds. (Others are welcome too.) The seminar consists of 16 lessons over 8 or so weeks, one of a week night for 1 hour (say 6.00 – 7.00 pm subject to alteration) and each Sabbath 1 hour before Pathfinders (say 2.00 – 3.00 pm or 1.45 – 2.45 pm).

Please let your parents and Pr Neil know if you wish to attend and which particular week night suits you best. This will be an exciting time! Thank you! Pr Neil.

Hope Channel- Optus has advised of the need to change the satellite frequency requiring our viewers to enter the new settings into their set top box. Instructions can be found at the following web page: <https://www.hopechannel.com/au>
The new frequency is: 12518.75

Church Hall Overflow- As our attendance grows (praise God), the church is often very full and more people are needing to sit in the hall during the service time. In an attempt to make this space into a worshipful atmosphere, we will be obtaining carpet and de-junking the space. We ask for your help also to please keep the noise down during the service. If you sit in the hall, we encourage you to participate in the service as if you were in the main church.

Cans for Mission- We are collecting recyclable bottles and cans to raise money for our teen and youth to be able to go on mission trips for those who can't afford to go. If you could please save your recyclables (must have 10c stamp on label) and bring them in and deposit them at the black bins near the water tank, that would be appreciated. Spread the word to your friends and family! Also if you can't help with bottles and cans, donations are welcome too. We would love to see our youth involved in mission and we as a church will have opportunities for trips as the year progresses.

Gardening Program, Sunday 24th February, 2-5pm. Whether you are thinking about starting a garden or whether you want to learn how to improve your existing garden naturally, this Seminar is for you! Learn how to build vitality and good health from the ground up with simple gardening methods based on a good understanding of natural soil science. Presented by Ben Meldt. Be sure to get a flyer and book your seat.

Soup and Song- Since mid last year a group of Adventists have provided 'Soup and Song' fellowship in the ADRA Logan car park from 5-7 every Sabbath afternoon. This mission is funded by group members. We are reaching a community of folk who live around the Woodridge area who are on struggle street. Some of our visitor's needs are quite obvious and there are those who just need someone to talk too. There are others who don't say much at all. The key is that we are meeting people's needs where they are at. We have a few regulars and it is a blessing to show them that we love and care for them.

The SDA African church joined us last Sabbath and the praise and worship was glorious! The many people they fed were also blessed by the praise and worship!
I am reaching out to you for help. We need LR church to form a group that is willing to join us in this mission once a month. Duties include making a couple of pots of soup or any alternative you wish to provide. You will also assist with setting up tables and service of soup. Ability to lead a sing along would be great too! The group is required to be available between 4.45-7.15pm the one Sabbath every month you are rostered on. If you believe this is something you would like to be involved with this year, please see Angie Sen, John Dittrich or Mady.
Thank you, Angie.
